

BIG LUG™
DUMP TRAILERS

SD SERIES DUMP TRAILER

BigLug SD offers slightly fewer features but packs just as much muscle as the BigLug HD. Extremely versatile, economical and built to strict engineering and manufacturing quality guidelines. BigLug SD is your essential jobsite companion. BigLug SD weighs less than the HD but it's no lightweight. Use it to safely haul and dump dirt, rock, sand, brush, debris and other materials as effectively as any dump trailer of its size on the road. When you need a dump trailer that can withstand almost anything you throw into it – go with the BigLug SD - it's a whole lot of trailer for a little price. Get the job done with BigLug.

DUAL HYDRAULIC CYLINDERS
POWER UP AND POWER DOWN

PULL-OUT 6-FOOT HEAVY DUTY RAMPS
ARE EASILY ACCESSIBLE

LOCKABLE HYDRAULIC CONTROL CENTER

DUMP BOX SIDES & FLOOR ARE ONE PIECE
